Instant notifications for attendance, homework, exam results, and school events.

Realtime Insights

AI provide the realtime insights about on going classes, topics, homework etc.

AI - Powered Attendance

AI -Powered Attendance manager send daily, weekly nad monthly attendance report.

Fee Payment Reminders

Automated fees payment reminders to avoid extra fine.

From Reminders to Receipts

How Our AI Fee Collection Module Keeps Schools Paid & Parents Happy

The Sad Facts

35% of parents paid after the due date.

Teachers spent up to 4 hours/week chasing fee defaulters.

SMS/email reminders were often ignored.

Fine disputes created tension between parents and school staff.

Parents' Perspective

Feels 🤔

- "I'm always busy and forget to check fee reminders."
- "Why can't I just pay instantly on my phone?"
- "I hate paying fines for something I didn't realize was due."

Wants 🧐

- School payment should be as easy as paying for groceries online."
- "SMS reminders get lost in my inbox."
- "If it's too much hassle, I'll delay payment."

School's Perspective

Feels 🤔

- We waste too much time chasing payments.
- We need more payment options.
- Overwhelmed by admin work.
- Frustrated when disputes escalate.

Wants 🧐

- Automating this will save hours of work."
- "Parents will pay faster if it's easier for them

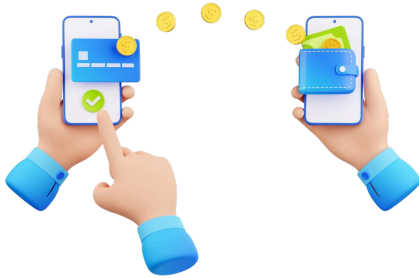

From Missed Deadlines to On-Time Payments

**THAT'S
IT**

Boost Enrollment with

Our **AI-Powered** Admission Assistant

1

Instant Query Handling & Engagement

Parents usually have dozens of questions before shortlisting a school (fees, curriculum, activities, transport, results).

An AI assistant provides instant, personalized answers via website, mobile app, or WhatsApp, ensuring parents don't drop off due to delays.

2

Lead Nurturing & Follow-ups

Many inquiries stop after just a brochure download.

AI nurtures leads with automated follow-ups (emails, WhatsApp, SMS), sharing school highlights, parent testimonials, event invites, and reminders about admission deadlines.

Converts cold leads into enrolled students.

3

Streamlined Admission Process

AI helps parents fill out forms step by step, suggests required documents, and tracks application progress.

Reduces friction and drop-offs during the admission process.

Provides real-time status updates to keep parents informed.

From Test Sheets to Smart Insights

Our **AI-Powered Exam Module** do all in smart and intelligent way

Smart Exam Creation

AI suggests question papers automatically based on syllabus, difficulty level, and past performance trends.

Automated Evaluation

Objective questions checked instantly by AI error free calculation

Personalized Insights

AI generates detailed report cards that show more than marks:

Real-Time Analytics

Identifies top performers, struggling students, and patterns (e.g., if most students failed in Algebra, teaching method may need revision).

Results with AI Exam Module

For Schools:

- 70% less teacher workload in paper setting & checking.
- Faster result declaration (minutes instead of weeks).
- Data-driven decisions for curriculum & teaching improvements.

For Students:

- Clear insights into strengths & weaknesses.
- Personalized learning recommendations → better scores.
- Improved motivation & confidence with progress tracking.
